

EASY SEWING CRAFTS

1. Ask a grownup to help you. Before you cut anything, glue the printout onto a cardboard, it will last longer.
2. Punch the holes as indicated by the printed dots, you can use an old ballpoint pen.
3. Tie a knot in the end of the wool or yarn that you are using so it doesn't go through the holes. If you don't have a small plastic needle you can ask an adult to help you to tightl roll a piece of paper and glue the yarn onto one end.
